Kaps ZF Classic Line

**The tried-and-tested models with outstanding price-performance ratios.
Completely reworked version of the "classic" series.**

*High transmission with excellent image quality
through contrast-enhancing multi-coated finishing*

- Brilliant imaging performance with great resolution of detail.
- High transmission through multi-coated finishing.
- Minimized proportion of stray light thus enhancing contrast and reducing reflections in backlight.
- Large visual fields for maximum overview.
- 90 mm eye distance.
- Perfect sealing, no penetration of dust or moisture. Filled with nitrogen.
- Absolutely shockproof even for largest hunting calibres.
- Simple and exact sighting-in with precise and non-wearing click-stop adjustment.
- High-tensile milled and turned single-piece aluminium housing.
- Matt anodized, extremely hard and non-wearing finish.
- All scopes available with rail (MRC/RC) and without rail (OC).
